

Part No. 2321-0096

M0915 012709

Black Strap Kit, Fats.

Replaces polished stainless steel straps originally supplied with Memphis Fats Windshields.

2. Mounting Instructions

1. Additional tools required, not included in this kit: 7/16" or 11mm wrench.
2. Line up the 5 hole rear strap with the horizontal holes on the rear of the windshield. Insert a plastic spacer washer into each hole shown.

1. Kit Contents

3. Line up the 5 hole front strap with the horizontal holes on the front of the windshield. Push a large socket spacer through the front strap, and into the holes in the windshield, at the locations shown. Push a cap screw through each spacer and through the 5 hole rear strap. Slide a plastic spacer washer over the protruding threads and secure loosely with an acorn nut.

Ref	Part #	Description	Qty
(a)	I0913	Mounting Instructions	1
(b)	M964	5/8" SS Socket head cap screw, black	11
(c)	M967	Large Socket spacer, black	11
(d)	M968	Plastic spacer washer, black	13
(e)	M926	Acorn nut, black	11
(f)	S1201	Right front strap (RF), black	1
(g)	S1205	Right rear strap (RR), black	1
(h)	S1203	5 hole rear strap (5R), black	1
(i)	S1200	Left front strap (LF), black	1
(j)	S1204	Left rear strap (LR), black	1
(k)	S1202	5 hole front strap (5F), black	1
(l)	M310	3/16 short arm allen wrench	1

4. Line up the Left rear strap with the left set of vertical holes on the rear of the windshield. The step on the left rear strap sits over the 5 hole rear strap.

5. Line up the Left front strap with the left set of vertical holes on the front of the windshield. Push a large socket spacer through the front strap, and into the holes in the windshield, at the locations shown. Push a cap screw through each spacer and through the left rear strap. Slide a plastic spacer washer over the protruding threads and secure loosely with an acorn nut.

6. Line up the Right rear strap with the right set of vertical holes on the rear of the windshield. The step on the right rear strap sits over the 5 hole rear strap.

Memphis Shades warrants all product components, metal and plastic, against defects in materials and workmanship for 24 months.

Part No. 2321-0096

M0915 012709

Black Strap Kit, Fats.

2. Mounting Instructions (cont'd)

7. Line up the Right front strap with the right set of vertical holes on the front of the windshield. Push a large socket spacer through the front strap, and into the holes in the windshield, at the locations shown. Push a cap screw through each spacer and through the right rear strap. Slide a plastic spacer washer over the protruding threads and secure loosely with an acorn nut.

8. Make sure all of the straps are correctly lined up, then tighten down all of the bolts using a wrench (not supplied) and the 3/16" short arm allen wrench provided.
